---	---	--

Mined mostly in Brazil and Sri Lanka, this lesser known member of the Garnet family has gained in popularity in recent years. Availability for the stone is somewhat limited but is improving every day. Spessartite ranges in size and color from 1 to 10 ct and yellowish orange to reddish orange, respectively. With a hardness of 7 to 7.5 on Moh's scale of hardness and a fair to good toughness rating, Spessartite Garnet can be used in most jewelry applications. With proper care this unique and beautiful stone can be a great asset to any jewelry collection for years of enjoyment. If you want to be different, Spessartite Garnet is the perfect stone!

## Spessartite Per Carat Pricing
